Civil Rights, Equal Opportunity and Nondiscrimination Monitoring Procedures

MONITORING REVIEW PROCESS

Notification and Request for Preliminary Information

Prior to conducting an on-site compliance review of a recipient, the reviewer will notify the appropriate Director/Administrator/contract manager approximately two to four weeks prior to the review. A request may be made for staffing data, which collects demographic information on staff, may be forwarded at this time along with a request for preliminary data as appropriate, such as data on applicants and clients, random sample applications, non-monetary determinations, reports, discrimination complaints, etc. The request will include instructions that the data be returned at least 10 days prior to the review.

This monitoring instrument is provided prior to the on-site review to allow the recipient time to prepare for our visit.

On-site Review

The focus of the on-site review is to determine compliance with civil rights, equal opportunity and non-discrimination requirements and to review significant differences or disparities identified during the desk review. Upon entering the site, the reviewer will meet with the appropriate Director/Administrator/Contract Manager and the Local EO Officer to discuss the scope of the review, make arrangements for client and staff interviews or file reviews, and to discuss preliminary findings of the data analysis from the desk review.

Areas of emphasis during the on-site review may include, but are not necessarily limited to:

1. Staff composition (agency labor force);
2. Management and client interviews;
3. Staff awareness of civil rights, equal opportunity and nondiscrimination laws;
4. Complaint files (if appropriate);
5. Client files;
6. Physical aspects of the site – programmatic and architectural accessibility;
7. Observance of reception, intake, and assessment processes – if applicable;
8. Maintenance of relevant policies and complaint files;

9. Interviews with community-based organizations – when complaints or concerns have been identified or expressed;
10. Agreements with local organizations to provide needed services to persons with special needs; and,
11. Display of announcements, mandatory posters, and posters or signs for clients with limited English-speaking abilities and visual or hearing disabilities.

Exit Meeting

Immediately following the review the reviewer will conduct an exit meeting with the appropriate Director/Administrator/Contract Manager or designee to discuss the findings and clarify areas in question. A preliminary compliance status will be given at this time and preliminary corrective action(s) suggested.

CORRECTIVE ACTION PROCESS

Follow-up

1. Within approximately thirty (30) working days of the completion of the review, the reviewer will prepare a written report.
 - a. The report will be disseminated to the appropriate Director/Administrator/Contract Manager
 - b. The report will discuss, in detail, areas of pending or non-compliance and outline those areas that are found to be in compliance.
2. When areas of non-compliance are found, the reviewer will make recommendations for corrective action(s) in the report and the following may occur:
 - a. Where agency management agrees with the recommendations, an implementation plan may requested by the reviewer within approximately thirty (30) days of the date recommendations are received.
 - b. Where agency management disagrees with recommendations, management may contact the reviewer to request an informal resolution of the issue(s).
 - (1) Where an informal resolution is reached, an implementation plan may be requested by the reviewer within approximately thirty (30) days of the date recommendations are accepted.
 - (2) Where an informal resolution is not reached, a meeting may be requested by the State EO Officer and the appropriate agency staff.
 - (3) Where no agreement is reached at this level, the negotiations may be escalated to the next, or highest, level of review.
 - c. At some point (usually 6 to 9 months) after the recommendations are implemented; a follow-up review may be scheduled to assess the progress made in resolving the identified problem areas.
